

Acknowledgements

The SF State 2007–2020 Campus Master Plan is the product of efforts by many that have spanned almost two years.

From initial discussions about the campus to development of the final plan, thanks are due to those on the following lists. As with any project of this magnitude, there may be individuals whose names were overlooked. We apologize for any oversights, but please accept our thanks for your contribution.

First and foremost, thank you to all the students, faculty, staff, and community members who took time to attend meetings and open houses, and provided their valuable comments
